Dear Mr. Gargano,

Thanks you for your letter. We do appreciate the kind things you said.

I'm sorry I have not heard of a copy of Thompson's book being available for many years.

Oswald in New Orleans, which I did not print, has been out of print for 20 years. Once in a while we can get a few copies. When we do they are $26.00, including insured mail. It happens that we have a copy now but you may first want to check the old and second-hand bookstores to see if you can get one for less that way.

Either way, please do not let it be known that we have a copy because there is too much demand for it and it would mean I'd have too many letters of explanation to write.

Again thanks, and best wishes,

Harold Weisberg
